OBJECTIVE

Aspiring Technical Artist with hands-on experience in 3D asset creation, game-ready asset preparation, and real-time integration using Blender, Unity, and Unreal Engine. Skilled in hard-surface modeling, UV unwrapping, texturing, materials, and C#-based gameplay integration. Interested in developing efficient art pipelines and creating optimized assets for real-time games.

TECHNICAL SKILLS

3D ART & ASSET CREATION : Blender, Hard-Surface Modeling, Vehicle Modeling, Environment Modeling, Prop Modeling, Low-Poly Modeling, UV Unwrapping, Texturing, Clean Topology

TECHNICAL ART & ENGINE INTEGRATION : Unity, Unreal Engine, Game-Ready Asset Preparation, Asset Integration, Material Setup, Particle Systems, Collider Setup, Scene Integration

PROGRAMMING : C#, Gameplay Programming

TOOLS : Blender, Unity, Unreal Engine, Git, GitHub, Visual Studio, VS Code

PROJECTS

SCRAP WARS | 3D Artist & Technical Implementation
Blender • Unity • C#

• Created hard-surface 3D vehicle models and environmental assets, including garage elements, walls, ramps, and props using Blender.
• Performed modeling, UV unwrapping, texturing, and prepared assets for real-time use.
• Integrated 3D assets into Unity and configured materials, colliders, and scene components.
• Implemented a vehicle damage-based VFX system using C#
• Connected particle effects with vehicle health and gameplay systems.
• Worked on vehicle physics, AI, cameras, and gameplay implementation.

EDUCATION

Master of Computer Applications (MCA)
NMAMIT Nitte college|[2026]

Bachelor of Computer Applications (BCA)
SDM College, Mangalore | [2024]

CERTIFICATIONS

- Unreal Engine 5 - Open world Landscape -Udemy
- C# Unity 3D Mobile Car Racing Game Development - Udemy
- Low-Poly Character Modeling and Animation in Blender for Unity - Udemy
- Game Development for Beginners: 3D Car Game in Unity - Udemy

INTERESTS

- 3d Modeling
- Environment Art
- VFX & Cinematic Effects
- Video Games
